

SOLID Infinity System™ patent pending

The SOLID INFINITY SYSTEM™ is a world first; *International Patent Pending* systemised storage solution. The capabilities of this waterproof “chameleon” are only restricted by your imagination!

Ingeniously engineered to take massive weights, this SOLID™ innovation will hold your lawnmower, scuba tank, pushbike, kayak, canoe, paddle board, wave ski, surfboard, fishing rod, wetsuit and more... altogether on 1 single SOLID wall!

Easily applied to any wall or ceiling, this unique SOLID™ storage solution lets YOU decide how, what and where you store your precious belongings.

As your equipment changes or your family grows, the SOLID Infinity System™ allows complete customisation that is instantaneous and effortless.

The SOLID Infinity System™ can be installed inside or outside in any domestic, retail or commercial space providing limitless applications.

The SOLID Infinity System™ is also used by architects, developers, retailers, sporting outlets, automotive shops, ship-chandlers and supermarkets.

DESIGNING YOUR INFINITY SYSTEM

The SOLID Infinity System™ encompasses 3 separate storage solutions. **To Design your own SOLID Storage System, follow Steps 1-3**

Step 1. Select either

[SOLID Infinity Kits™](#)

pre-packaged - including wall supports and arms

OR

[SOLID Infinity System™](#)

Posts, Strips or Sheets – go to Step 2.

Step 2. Select your method of support

[SOLID Infinity Support Posts™](#)

For extreme SOLID support up to 100kgs

[SOLID Infinity Slot Wall Strips™](#)

For medium SOLID support up to 50kgs

[SOLID Infinity Slot Wall Sheeting™](#)

For complete SOLID customisation

Step 3. Select your interchangeable support arms
